

SHAPING THE GULF COAST, I-10 & I-12 CORRIDOR AND BEYOND!

CELEBRATING 25 YEARS

“Turning Ideas into Reality”

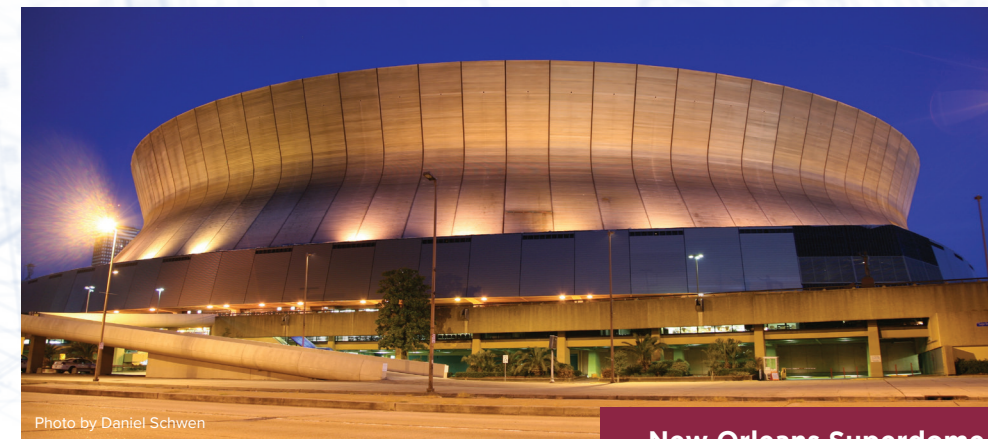

For over 25 years, Gulf States Real Estate and our affiliate companies have been providing commercial and residential real estate brokerage, property management, construction, and development services to our clients. I would like to say that this was all my idea, but it was not. Over the years, our clients challenged us to expand our service mix to better meet their needs.

Certainly, it was not an easy task to build a TEAM of individuals with diverse talents, backgrounds and experiences. However, with the right people, we have been able to produce some incredible projects for our clients and within the communities where we are. We are now active in over a dozen states around the U.S. Our geographic diversity combined with our unique product mix have proven to be essential in navigating natural disasters, pandemics, major shifts in business climates, and increasing governmental regulations.

I am so proud of our team! I want to thank them and our clients for their contributions and support. Looking forward with extreme confidence to “Turning Ideas Into Reality” for the next quarter century and beyond. -Mike Saucier, President
